

Download Homily Podcasts onto Flash-Based MP3 Devices

- Step 1

Go to www.stnicholasofallon.org and click on HOMILIES. Click the orange RSS Feed button and make sure you are "subscribed." Then select "View Feed Properties" on the right side. Check the box next to "Automatically download attached files." Click OK. You can view files to see which folder they are being stored in.

- Step 2

Connect your flash drive-based MP3 player to your computer using the USB sync cable.

- Step 3

Go to your Start menu and select "My Computer." Then locate the drive representing your MP3 player and double-click on it. Inside the MP3 player drive, locate the Music folder.

- Step 4

Use your mouse to drag your downloaded podcasts on your computer and drop them into the MP3 Music folder.
